

## MATERIAL DATA SHEET

### His<sub>6</sub>-Ubiquitin, Human recombinant

Cat. # UB-530

Fully functional N-terminal His-tagged ubiquitin which allows for metal chelate affinity purification of ubiquitinated proteins. Also allows for convenient immuno-detection of conjugates using His<sub>6</sub>-specific antibodies.

#### Product Information

**MW:** 9.6 kDa

**Concentration:** 2mg/mL

**Buffer:** 50mM PBS, pH7.0, 150mM NaCl

**Purity:** > 95% by SDS-PAGE

**Storage:** Store at -20°C. Avoid multiple **FREEZE/THAW** cycles.
